

Winston's Best started in Marietta GA back in the early 1970's. Our Dad, Winston is an excellent cook and always put pride and excitement into everything he made for friends and family. He began making Kickin' Sass to compliment his favorite dishes and [recipes](#) and friends began asking him to make it. The demand became so great that he finally gave us the coveted recipe so he could get out of the SASS making business. The rest is history. Read and Dick have been making SASS for friends across the country ever since.

It's no secret who the man behind the legend is...
